

The Editor's Desk

This issue of the *Upshaw Family Journal* contains all Upshaw census records for Arkansas and Louisiana through 1930. I notice many "stray" families which should be helpful to researchers. Please see the UFJ *Topical Index* for other Arkansas and Louisiana censuses not included here. Our next issue will present miscellaneous Louisiana records.

We have now completed ten volumes of the *Upshaw Family Journal* and it is increasingly difficult to locate any particular item in the forty separate issues. I have punched and bound all my back issues of the UFJ in 3-ring binders, two volumes (8 issues) per one inch binder, and this works very well. More issues could, of course, be bound in a larger binder which would work equally as well. I also find the ring binders provide flexibility and convenience for adding note pages, etc. at certain places. You might consider something similar for organization of these many issues.
